REVENUE VS PROFIT %

PRODUCT CONTRIBUTION TO REVENUE

Key Findings

- Accessories achieve the highest margin (60.5%) on just \$907K in revenue.
- Twenty products generate nearly 60% of total revenue.
- Bikes dominate revenue but deliver the lowest margin (38.0%).
- Clothing maintains a 41.4% margin despite the lowest revenue.
- Accessories record the highest order volume (16,983).
- Average-income professionals form the largest customer base.
- The U.S. dominates revenue, profit, and orders; Canada leads margins, while France has the highest return rate.

Strategic Recommendations

1. Expand Accessories to capitalize on their high-margin potential.
2. Improve Bike margins through pricing and cost optimization.
3. Prioritize the top-performing 20 products driving nearly 60% of revenue.
4. Reduce return rates in France through targeted root-cause analysis.
5. Strengthen customer acquisition among average-income professionals.
6. Increase strategic investment in Canada to leverage its market-leading profit margins
